About RIS

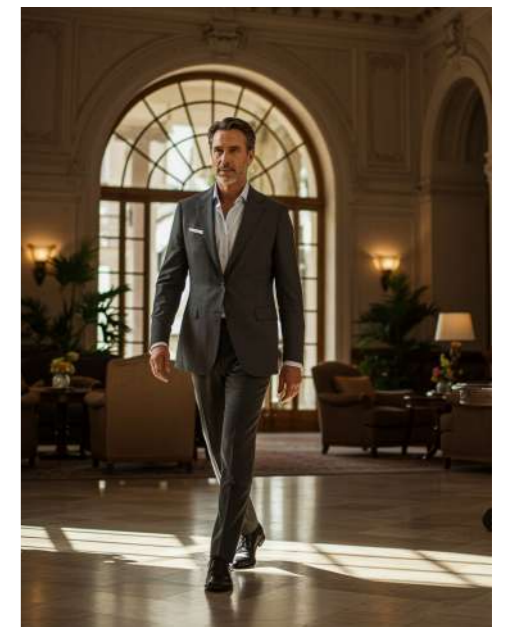

STAYING IN YOUR HOTEL SHOULD BE A NEW & UNIQUE EXPERIENCE FOR YOUR GUESTS, MUCH MORE THAN JUST A NIGHT SPENT AWAY FROM HOME.

RIS

RIS

ABOUT RIS

RIS has been in business of providing the best hospitality supplies and technology solutions since 2010 in Egypt.

Our clients include the top 10 hotel groups in the world and we continue to grow our hotel supplies and technology solutions range as the hotel markets evolve in these regions.

Get the hotel supplies and technology for your hotel that are specific to your needs and within budget. Our products improve the guest experience by raising service levels with a focus on convenience and cost.

With a far-reaching, global perspective into the hospitality industry and understanding of the daily challenges hoteliers face, RIS offers a deep, rich foundation of experience to help hoteliers solve these challenges and capitalize on the latest trends, all backed by decades of experience and innovation in the hospitality industry.

CRAFTING MEMORABLE EXPERIENCES...

We are curious and passionate architectural & interior designers, crafting memorable experiences and hotel brands that draw inspiration from location, provenance and place.

Our holistic approach combines internal architecture, interior design, branding and the decorative arts. We bring striking hotels and resorts to life around the world for international hotel groups, independent hoteliers, property managers, and our private clients.

Our hotel design team work along side our independent, professional FF&E Procurement and supply chain division that leverages decades of industry experience and a global sourcing & logistics network to deliver outstanding results for hotel FF&E procurement & cap-ex projects around the middle east.

The dedicated RIS Branding & Creative team specialise in crafting differentiated branding strategies; implementation guides; brand standard documents; wayfinding signage Systems & visual communications across our hotel interior design & luxury projects.

OUR SCOPE OF SOLUTIONS

COMPETITION IN THE HOSPITALITY

Industry is fierce, and bland hotels struggle to connect with audiences that are looking for more targeted options. Whether guests realize it or not, they choose properties that match their aesthetics, their aspirations, and their views on what a hotel should be.

EXTERIOR SOLUTIONS

- FACADE CLADDING
- CURTAIN WALL SYSTEMS
- SHUTTER WINDOWS & DOORS
- PERGOLAS

The facade of a building is a defining element in architectural design, shaping its aesthetics and functionality.

A well-crafted aluminium facade enhances the building's energy efficiency, durability, and visual appeal, making a lasting first impression.

Innovative, high-quality products with exceptional aesthetics for cladding and covering external masonry in hotels and resorts buildings. These products exhibit excellent resistance to severe weather conditions.

Facade Cladding

RIS Metal work offer a modern metal ceiling and facade systems manufacturer with a strong technical team, offering a comprehensive range of metal ceiling and wall cladding products for hotels and resorts buildings that are suitable for both indoor and outdoor applications.

We provide professional Custom Design Service and Architectural Solutions for you, Whether you need a specific product or a complete system, we have the expertise and resources to help you achieve your goals.

200+ professional and strong technical team, We take pride in our ability to consistently produce high-quality products. Our commitment to excellence is reflected in every aspect of our manufacturing process.

We provide professional Custom Service and Architectural Solutions for you, we offer our clients a full range of design services, from preliminary concepts to complete turnkey solutions.

CURTAIN WALL SYSTEMS

Curtain Wall Sector: Elegance and Durability in Glass Facade Design

Curtain Wall systems are among the most innovative solutions for modern building design.

This system is renowned for achieving the perfect balance between architectural beauty and functional efficiency, making it the preferred choice for commercial and residential buildings as well as large-scale projects.

**AT RIS,
WE OFFER
HIGH-QUALITY
CURTAIN WALL
SYSTEMS WITH
INNOVATIVE
DESIGNS TO
MEET ALL
CLIENT NEEDS.**

Curtain walling systems have become a staple of modern architectural design, providing both structural and aesthetic advantages. Non-load-bearing façade systems are applied in hotels and resorts, providing weather protection, energy efficiency, and enhanced daylighting.

The curtain wall system refers to the external façade structure that does not support any part of the loads of a building. Its only purpose is the resistance to various environmental forces and aesthetic purposes as well as aesthetic appeal.

WHY RIS CURTAIN WALLING SYSTEMS

Aesthetic Design:

Enhances the modern appearance of buildings with its unique design. Offers transparency, providing bright and attractive views.

Complete Insulation:

Designed with wide rubber seals to block water and dust entry. Improves thermal and acoustic insulation, enhancing energy efficiency.

Strength and Durability:

Built with robust structural systems like the closed tube box for long-lasting sustainability. All components are rust-resistant, extending the system's lifespan.

Flexibility in Application:

Suitable for all types of projects, from residential buildings to commercial properties and hotels. Available in various sizes and shapes to meet diverse design requirements.

WE PRIDE OURSELVES IN BEING A SCHEDULE-DRIVEN CURTAIN WALL SUPPLY COMPANY.

Whether supporting a design team with a fast-paced drawing set submission deadline or contractor with an accelerated material delivery target, our team has consistently proven to meet the rigorous schedule demands our industry calls for.

Pergolas

Pergolas for hotels.
OPEN AIR HOSPITALITY

Increasingly immersive trips to be experienced even for a few days at any time of year.

The new way of doing tourism fosters experiences in contact with the landscape and the environment, thus requiring hotels and resorts to redesign welcoming spaces in order to offer their guests the chance to enjoy the view around all seasons.

**PERGOLAS FOR
HOTEL POOLS**

Pergolas for hotels allow to enhance the most different hospitality areas, while providing maximum protection without renouncing to the authentic contact with the outdoor.

Elegant but discreet structures that, thanks to a highly customized design can fit coherently into urban and natural contexts, making them both accessible and comfortable.

Hotel & Resorts Interior Design

Bringing our years of experience in international hotel design projects to the table, we work collaboratively with hoteliers and developers to bring their properties to life.

Our portfolio is a vast mix of hospitality projects, from pioneering select service concepts, to soft brands, full brands, luxury hotel properties and independent boutique hotels. We fully understand the commercial realities of your hotel operation.

By leveraging our extensive hotel design experience and applying our unique commercial understanding, we know how to deliver creative, high-performing solutions for all your hospitality projects.

**YOUR HOTEL
NEEDS TO
CONVEY
A LOT WITH
ITS INTERIOR
DESIGN.**

YOUR HOTEL NEEDS TO CONVEY A LOT WITH ITS INTERIOR DESIGN.

INTERIORS SHOULD PROVIDE COMFORT AND LUXURY, WITH ATTENTION TO DETAILS THAT MAKE GUESTS' STAYS MEMORABLE.

COMPETITION IN THE HOSPITALITY INDUSTRY IS FIERCE

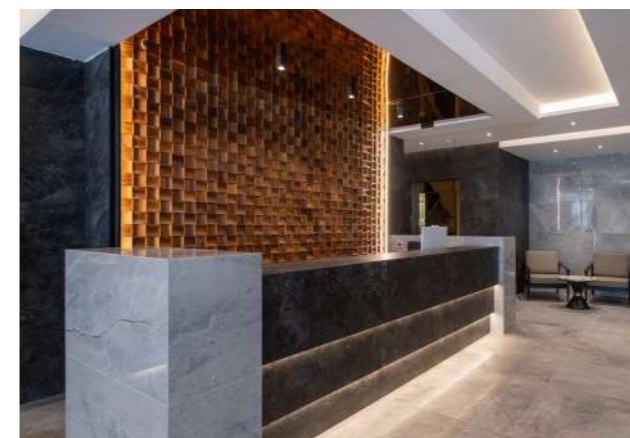

Bland hotels struggle to connect with audiences that are looking for more targeted options. Whether guests realize it or not, they choose properties that match their aesthetics, their aspirations, and their views on what a hotel should be.

A well-designed space can:

- Target the types of guests you want to see again and again
- Highlight the features and amenities of your hotel
- Help you stand out from the competition
- Inspire planners to book events at your hotel
- Convey your brand promise

We provide innovative solutions tailored to your vision, brand, and market.

Our expertise ensures that your hotel project is not only aesthetically striking but also built to the highest standards of functionality, comfort, and sustainability.

Full Service Interior Design

From the earliest feasibility study to the creative direction and the detailed tender and construction packs, we support you at every stage of your project and offer a fully customisable suite of professional interior design services.

Combining our creative, multi-disciplinary work style with our extensive hotel and resorts interior design experience, we work with you to deliver stunning interiors that meet your aspirations, timescales and budgets for the project.

INTERIOR ARCHITECTURE

Specialising in the technical design and structural alteration of building interiors, we place a strong focus on spatial hierarchy and adjacencies during the design process, delivering the optimum layouts for your project.

Interior Design

Combining the art and science of interior design and layering this with the decorative arts, we get to know your plans & aspirations, so that we can build a unique creative direction, interior style and character for each of our hotel, residential and workplace interiors.

3D VISUALISATION

Bringing your project to life long before it's finished, we create photorealistic CGIs, 3D renders and animations of your design, turning your vision into augmented reality. Our super-accurate visuals are often used for design, marketing and funding purposes.

FF&E SPECIFICATION

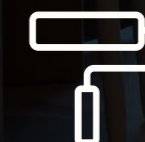

Furniture, Fixtures & Equipment

Leveraging over 15 years of industry knowledge and a global supply chain, we source, quality check and specify all the lighting, furniture, finishes and equipment for your project, working with +60 brands, suppliers and manufacturers to suit your budget.

FURNITURE DESIGN & SETUP

Balancing innovation, style and functionality, we design & develop bespoke furniture, case-good and shop-fit items, from initial concept sketches and prototypes to full manufacture and installation, in a variety of materials and finishes.

INTERIOR STYLING

Layering our interior designs with decorative accessories and professional styling techniques, our team delivers the finishing touches to your interior, adding character and personality, while also styling for a variety of lifestyle interests and events.

RAMADAN & EID DECORATIVE ELEMENTS

Celebrate the holy month of Ramadan and the joyous occasion of Eid with elegant decorations that reflect the spirit of faith, togetherness, and gratitude.

At RIS, we offer a curated collection of Ramadan and Eid decorations to enhance the ambiance of your hotel both inside and out. spaces.

OCCASIONAL & SEASONAL DECORATIONS

STUNNING
RAMADAN & EID
DECOR FOR HOTELS

TRANSFORM YOUR SPACE FOR A MEMORABLE RAMADAN & EID CELEBRATION:

Illuminate the Nights with Ramadan and Eid Light Decorations:

Create a warm and inviting ambiance with our Ramadan light decorations and Eid lights decorations. From traditional lanterns to modern LED string lights, our lighting solutions are designed to brighten your iftar and Suhoor gatherings while adding a magical glow to your Eid celebrations.

Stylish and Versatile Décor for Ramadan and Eid:

Whether you're preparing intricate table settings, crescent moons, star-themed décor, or festive sculptures, we have everything you need to set the perfect festive tone. Our collection includes:

- Ramadan hotel decorations and Eid hotel decorations for a luxurious touch.
- Outdoor decorations for both Ramadan and Eid, ideal for homes, gardens, and public spaces.
- Stunning Ramadan sculptures and Eid sculptures for iconic displays.
- Our products blend traditional Islamic designs with contemporary elegance, ensuring your space feels welcoming, sacred, and celebratory.

CHRISTMAS & NEW YEAR SETUPS

Christmas is a magical time of the year.

For hotels and hospitality, it can be one of the busiest times of the year outside of the typical holiday season.

Holiday decorations are a fun way to ring in the new season and we're not just talking about your local light display.

All hotels decorate for the holidays to help entice guests and increase sales.

CREATE THE PERFECT CHRISTMAS FEEL FOR YOUR HOTEL

People visit hotels over the Christmas period for many reasons, be it to celebrate together with family and friends, enjoy a winter getaway, or simply for a change of scenery.

Why Hotels Decorate For The Holidays Beyond looking amazing, holiday hotel decorating also serves a greater purpose.

- Attract More Guests
- Become Part of a Tradition
- Emphasize Your Hotel Brand

DECORATIONS IN FRONT OF THE HOTEL ENTRANCE

As a rule, the greatest attention when decorating is given to a reception area and a main hall. In our opinion, the best recommendation of a hotel is a nice entrance to the building and its surroundings. The appearance of external space will certainly affect the first great impression of guests

HOTEL RECEPTION – THE PERFECT PLACE FOR DECORATIONS

The reception is usually the first point of contact between the staff and guests, and there should also be a Christmas atmosphere here.

HOTEL HALL – A DECORATIVE MAIN POINT OF A HOTEL

Large space of a main hall is an ideal place for the Christmas cherry on top. The standard is an impressive, marvelously decorated Christmas tree. However, to really use the potential of this place, it is worth paying a little more attention to it.

**SITE SURVEY & DIGITAL
MAP DEVELOPMENT**

Guests will now be guided to hotspots at your resort using your hotel app.

Guests will now be guided to hotspots such as pools, restaurants or leisure areas at your hotel or resort using your hotel app.

Maximize discovery of resorts and hotels with interactive 3D maps and multi-building navigation technology.

Highlight your best services and entertainment while equipping guests with up-to-date information and intuitive directions to their favorite destinations.

Using multi-building navigation in hotels and resorts

With RIS's navigation feature built into its indoor mapping and wayfinding platform, you can enable visitors to seamlessly navigate between and within buildings, hotels, and outdoor-indoor resort locations. Visitors can simply pull up the digital map, search for a location, and follow step-by-step directions to restaurants, pools, lounges, spas, shops, and entertainment options.

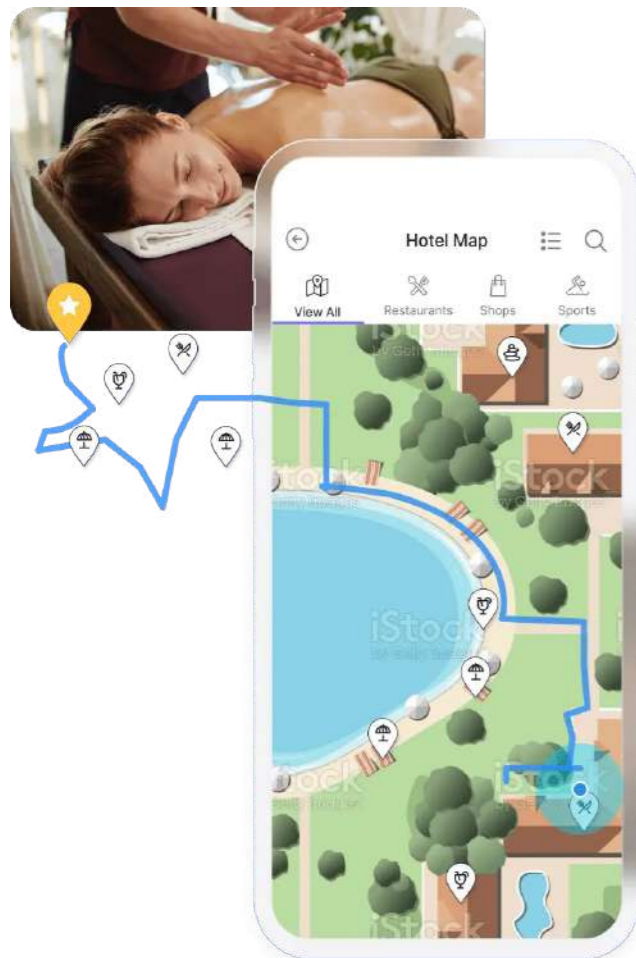

HELP YOUR GUESTS MAKE THE MOST OF THE DESTINATION

Allow your guests to explore the area where the hotel is located with an interactive and detailed guide. Avoid unhandy paper maps by going paperless.

With so many locations to visit at resorts and hotels, guests can easily feel disoriented during their trip.

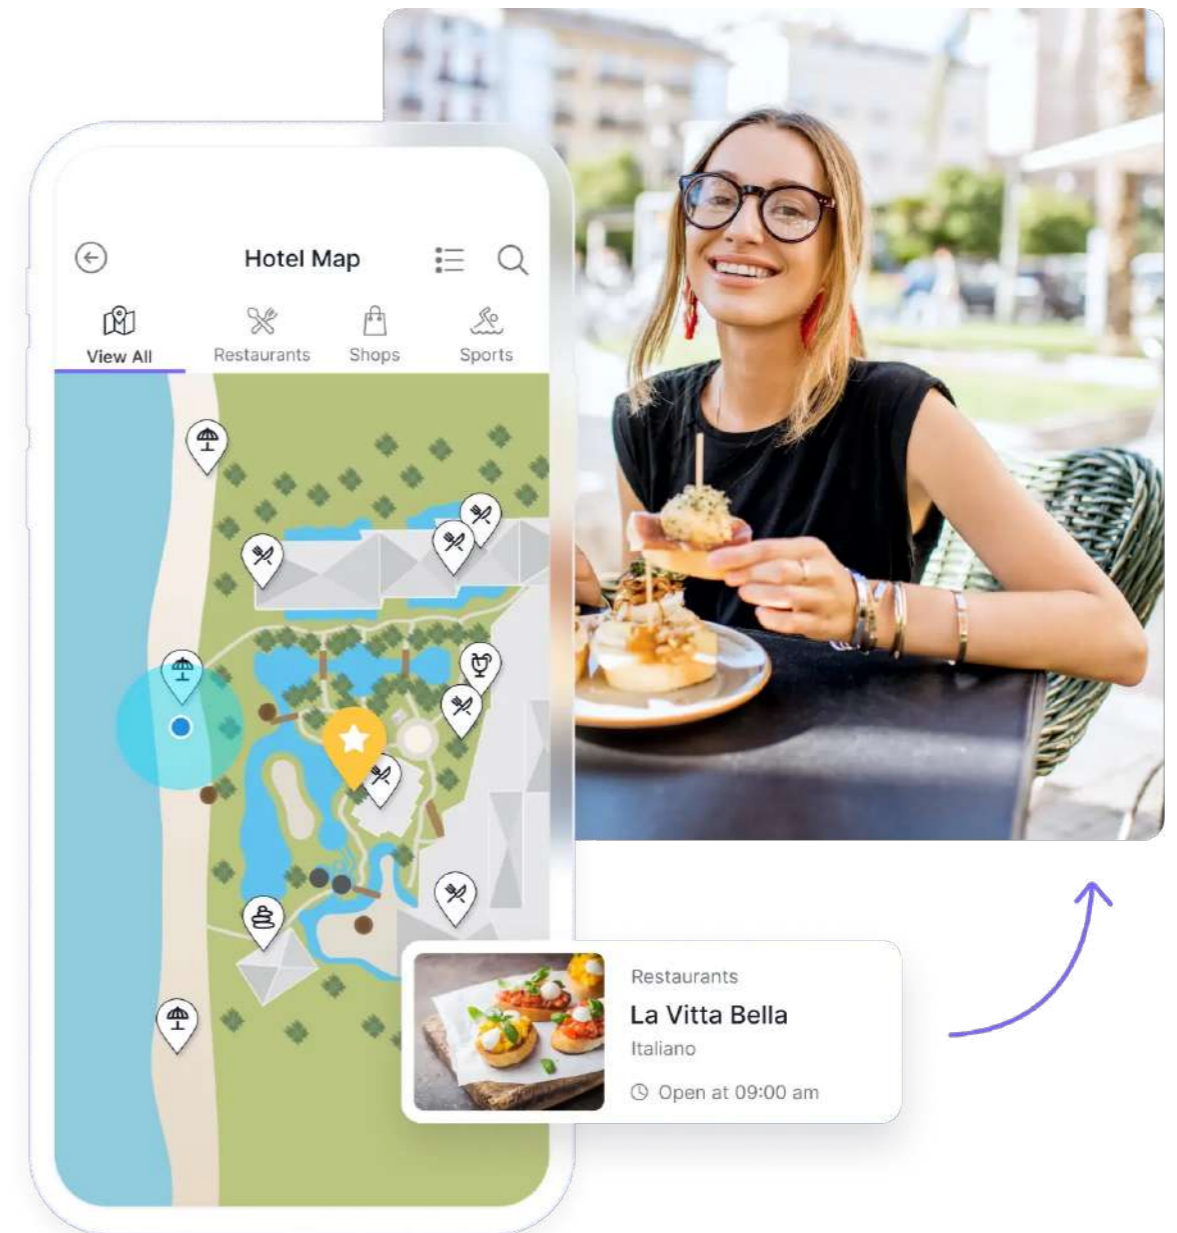

This is why digital maps and multi-building navigation is important — it helps guests visualize the space and orient themselves within it. With a digitized map, these visualizations are interactive, so guests can pan, zoom, and rotate the interactive display, enabling maximum discoverability of services and amenities.

WHY IT IS IMPORTANT FOR HOTELS AND RESORTS

With so many locations to visit at resorts and hotels, guests can easily feel disoriented during their trip.

This is why digital maps and multi-building navigation is important — it helps guests visualize the space and orient themselves within it. With a digitized map, these visualizations are interactive, so guests can pan, zoom, and rotate the interactive display, enabling maximum discoverability of services and amenities.

Hotel & Resort Identification Signage

From facility names to amenity identification, we design sign families that clearly mark destinations while enhancing the visual environment.

Our identification elements incorporate materials and forms that feel intrinsic to the space, creating a seamless connection between hospitality signage design and architecture.

We pay special attention to scale and placement to ensure optimal visibility without compromising the refined atmosphere.

Hospitality Informational Signage

We craft informational hospitality signs that communicate essential details clearly while maintaining design sophistication. Operating hours, policies, and amenity information integrate smoothly into the built environment through thoughtful material selection and typography.

Our approach ensures guests can easily access the information they need without the signage feeling institutional or detracting from the hospitality experience.

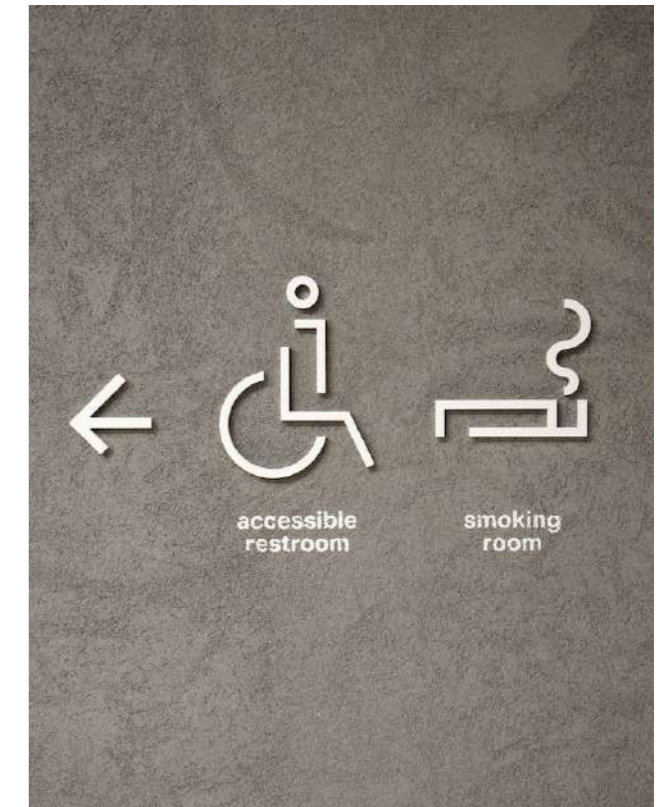

Hospitality Room Signage

Room identification represents an opportunity to extend the property's design narrative to a personal level.

We develop naming and numbering systems and hospitality room signage that incorporates subtle brand elements while ensuring absolute clarity.

Through attention to detail in materials, lighting, and tactile elements, these intimate touchpoints contribute to the overall sense of quality guests experience throughout their stay at the hotel or resort.

Emergency exit and ADA-compliant signage

Every hotel should be equipped and prepared with exit signs in the event of an emergency. All exit areas and stairwells should be labeled with the appropriate emergency exit sign and the current evacuation maps posted.

We offer a variety of exit signs that are all guaranteed to be ADA-compliant—each customizable to match your hotel. We also offer specific exit signs for more than 30 hotel brands.

More than just signage, we view wayfinding as a set of experiences working in concert together to assist the user in orienting themselves and navigating to a specific destination.

WAYFINDING TO CONNECT PEOPLE WITH PLACES

Especially important within the built environment, wayfinding provides visual cues to help guide people to their destinations with ease and comfort.

In addition to signage, our wayfinding design services include architecture, interiors, landscape, art, lighting, and graphics.

The result is a more elegant and effective solution that meets the unique needs of our clients, their environment, and its users.

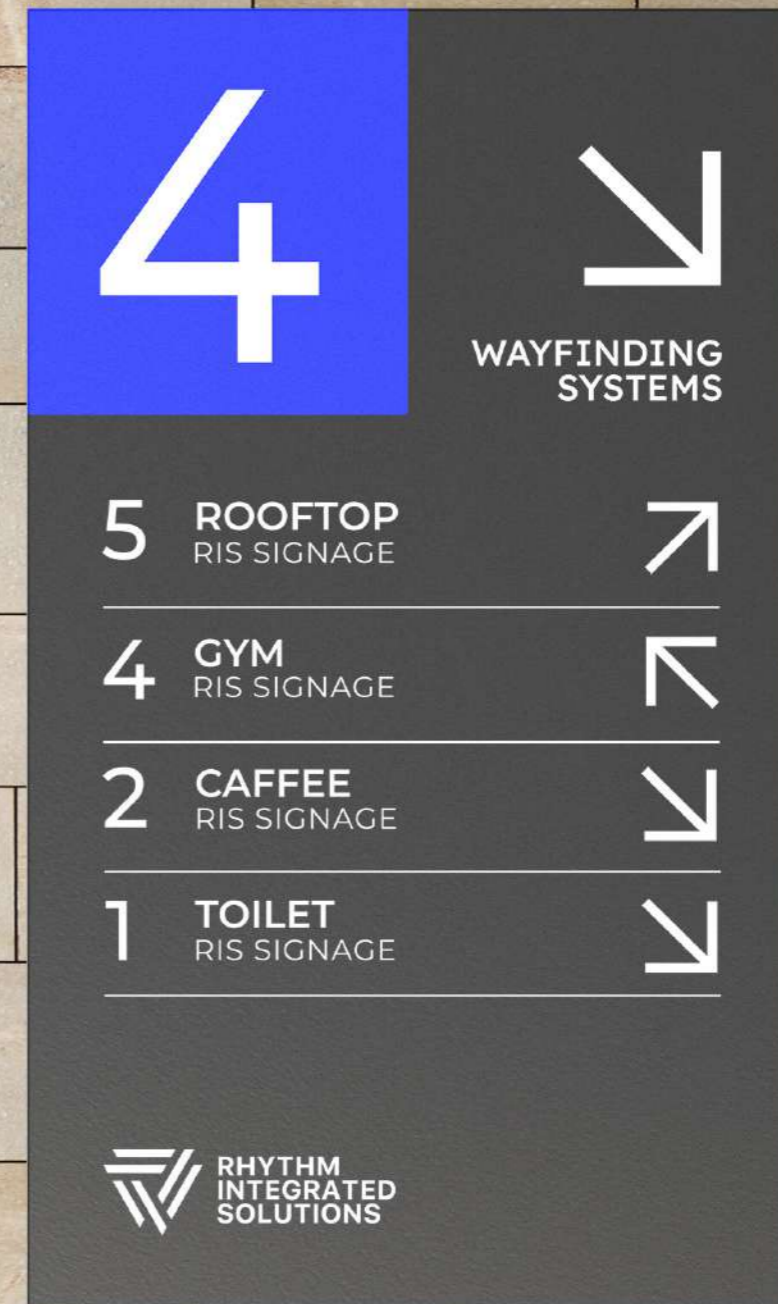

PROCESS FOR WAYFINDING SIGNAGE & DESIGN ELEMENTS

Working in close collaboration with key stakeholders, we act as more than just wayfinding consultants — **we are partners.**

Our process of crafting a wayfinding design program starts with a careful flow analysis exploring how people move through places in your environment. Following this discovery phase, we design a visual kit of parts that carries the brand voice to match the user's needs.

Our design process engages the user from varying perspectives to create a comprehensive wayfinding system that serves the community and evolves over time as your users' needs change.

AT RIS, WE CREATE INTUITIVE PATHS ENHANCED BY ARCHITECTURAL FEATURES, LIGHTING, LANDSCAPE, AND GRAPHICS WORKING IN CONCERT.

We study traffic patterns and decision points to determine optimal placement of wayfinding cues, both explicit and implicit. The result is an environment where guests move with confidence and comfort, able to discover and access all the hotel or resort has to offer through a natural, stress-free navigation experience.
